

## Alternative Food Networks in Turin: farmers' markets and urban gardens

### *h. 14,30 - Meeting at the Castello del Valentino and then tram to Porta Palazzo (Piazza della Repubblica)*

It is a very big square. We will meet under the big clock of the liberty pavilion called "Tettoia dell'Orologio" (See maps attached).

You will reach the square taking the tram no. 16 just outside the Castello del Valentino (the stop on your left coming out of the Castello). It is a 20 min ride and costs € 1,50 (tickets are not sold on board).

### *h. 14,45 – 16,00 Visit of the market*

Porta Palazzo is believed to be one of the biggest food markets in Europe. Here everyday thousands of vendors sell any kind of food (fruit and vegetables, cheese, fish, meat, etc.) One section of the market is reserved to local producers. This place can be considered the symbol of short food supply chains in Turin. In 2010, the farmers' market has been renewed and revitalized by the project RURURBAL, led by the Province of Turin.

### *h. 16.00 – 16,30 Transfer by public transportation to the Bunker (via Paganini)*

Take into account another public transport ticket.

### *h. 16,30 – 17,30 Visit of the Bunker's urban gardens*

The project "Orti del Bunker" is based on the realization of a community garden, plus about 45 independent gardens cultivated autonomously by more than 150 citizens, with the purpose to create a unique urban agriculture community landscape. The aim is to create a place to meet and to rediscover the habit of cultivating vegetables, in order to combine the activities of urban agriculture with the creation of a neighbourhood community. <http://www.variantebunker.com>

*h. 17,30 Mobile workshop ends.*

**Suggestion:** (facultative) Transfer to via Baltea 3 (15 min. walk) for the presentation of the book "Rethinking Life at the Margins, another euraoff event.

**Costs:** public transport tickets

**Contact:** Giacomo Pettenati, [giacomo.pettenati@unito.it](mailto:giacomo.pettenati@unito.it), tel. +39 333 8362752

**To participate:** send an email to [info@eura2016.org](mailto:info@eura2016.org) adding the name of this mobile workshop to the subject.
